

Deltan

Dedication

J. W. Meyer

We, the members of the class of 1958, dedicate this annual to John W. Meyer. We desire to pay tribute to a man who gave honor and prestige to Delta school as its superintendent (1955-1957) and was instrumental in bringing to the town of Delta many civic improvements. During his presidency, the Lions club placed the signboard on Highway 92, at the Delta corner, calling attention to the scenic Covered Bridge as a landmark.

As seniors, we hope this dedication will show our true appreciation.

This old building (1896) may seem inanimate to all outward appearances, but "ye olde" graduates from Delta High School know that the structure is alive with the spirit of the future. Manifestation of this spirit appears in the lives of the graduates who have gone and are going forth to make successful application of knowledge gained here. Although its walls are aging and its facilities no more than adequate, this building still serves its purpose of preparing young men and women for the future life of adults.

A new gym was added in 1928 to further development of team work, sportsmanship and physical health.

The class of '58 sadly bids farewell to this temple of knowledge, which has enlightened our minds so greatly.

CLASS PROPHECY

On May 20, 1968, the Delta Daily pulled into town bringing with it a number of 1958 Delta High graduates home for their first reunion. To meet them at the station was a member of their class, Wallace Lippard, who had remained in the community. Wallace has built his mother's farm into one of the largest corn-producing farms in the state. He had even produced a new type of hybrid which had revolutionized the hybrid corn industry. Wallace is now living in a 24-room, ranch-style farm home with his wife, Winona, and 4 children, Walter, Wanda, Wilber, and Wilma.

Those arriving on the Delta Daily were Ronald Hollingsworth, Janet Short, and Pat Fisher.

Ronnie had recently been discharged from the Army. While in Service, he had become one of the best M. P.'s the Army had ever had. Due to the law-enforcing methods he had learned, he was immediately hired by the Highway Patrol. Ronnie was lucky enough to be assigned to the patrolling of the scenic Covered Bridge Road south of Delta. Patrolman Hollingsworth also was credited with the identification and capture of the bandit who stole the plaque 11 years earlier.

Also stepping from the train was a distinguished-looking lady who upon inquiry was found to be our old classmate, Patty Fisher. After graduation, back in 1958, Patty had obtained a position as a secretary to the President of Satellite Research Associates. After working there for 3 years Patty finally landed the boss's son Lean and is now the mother of two small children, Larry and Diana, ages 2 and 4.

The last to leave the train was the former Janet Short. Janet told us that after graduation she attended Iowa Wesleyan College where she majored in Girls Physical Education and minored in Art. On graduation Janet received a position coaching one of the basketball teams in the Women's National Amateur Athletic Association. Besides gaining fame as a P. E. instructor, she also designs basketball uniforms for her husband's company. Janet now has two basketball players of her own, Valerie and Craig.

After all the happy greetings were exchanged on the train platform, everyone climbed into Wallace's '68 Cadillac and traveled to his home.

The first to arrive at the farm was Richard Walden driving his '67 Ford. Dick is now one of the richest men in the state. After graduation he worked in order to save the money to buy a small herd of dairy cattle. Dick became famous by developing a hybrid cross between the Holstein and Guernsey. He now has the largest milk producing dairy farm in the United States. Dick is now married and has four little milkmen.

While we were all standing discussing old times, we heard a roaring noise, and looked up to see Carroll Ray land in the back forty in his own Piper Cub. After graduation he thought he would like to be a traveling man (hobo). Due to the bad habit he had obtained in school of wanting to eat every day, Carroll eventually decided to go to work. He obtained a position as a cowboy on a large Montana ranch and now owns a 5,000 acre-ranch of his own.

The next to arrive was Professor Dale Kolosick, B. S., M. S., Ph. D., L. L. D., D. D. S. After graduation Dale received a science scholarship to Iowa State College. From there he entered Massachusetts Institute of Technology. Dale said he was working on a secret Government project having to do with outer space travel.

A short time later Mrs. Larry Shipley, the former Karen Stanley, arrived on the scene. After school was out, Karen obtained a position giving singing commercials for the Burpe Soda Pop Company. A year later she decided to marry Larry but to keep on singing commercials. She now has three kids, Amy, Andy, and Allen.

While discussing old times with Dale and Karen we turned to see another of our classmates Christie Malone Kerr pull in the driveway in a white Chevrolet Corvet. We were surprised to see Christie arriving alone but before we had time to wonder about any family troubles Donnie pulled in in his black '68 Ford with the new Jet engine. We learned from Christie that after graduation, she had obtained a position as personal secretary to Elvis Presley. After working with Elvis for a while and saving her paychecks, Christie rejoined her fiance Donnie Kerr. They were married in June of 1959 right here in Delta. They now have two small children Carrie Lynn 5 and Jeff 3.

Donnie told us that he'd received so many offers from Pro. teams (Basketball, Football, Baseball, Bowling) that he'd decided to form a Pro. Basketball team of his own. As we all know Donnie's team, the "Delta Dribblers" has become world famous. In fact they're the only team to beat the Harlem Globetrotters. Donnie and Christie are now living here in Delta between basketball trips.

SENIOR CLASS SONG
(Tune Auf Wiedersehn)

To Delta High, we say goodbye
We'll meet again sometime.
Commencement day will fly away;
The time now comes to part.

We'll meet again reune again
Don't let the teardrops start.
With mem'ries fond, new days beyond,
Farewell, dear friends, we part.

--Adapted by Keren Stanley and Janet Short

CLASS POEM

A Farewell Bouquet

We seniors are leaving, but first we should stay
A moment, to give you this final bouquet:
Orchids to the teachers who have worked so hard
Who guided and helped us thru life's front yard.

A rose to the Custodians, who kept things so neat,
Who cleaned out the papers we left 'neath our seat
A handful of violets to classes to come,
Who, we hope, will endeavor to top what we've done.

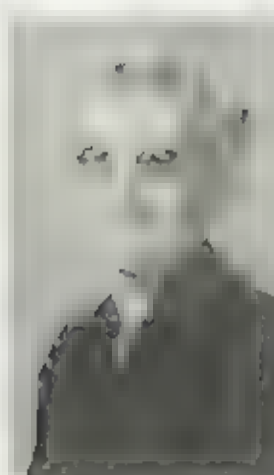

Lilies-of-the-valley-pure white and so cool--
To the taxpayers and citizens, who maintain our school,
Spring's first daffodils in a big yellow bunch,
To the hardworking cooks for every hot lunch.

And for each one we're leaving in old DHS
Our hearts are o'erflowing with gratefulness,
For your help and kind wishes, with loving thoughts,
Here's a whole basketful of for-get-me-nots!
